Jane:

The packet you sent does not contain the data - like GC/MS data and work sheets or the QC that I requested. Please let me know today why they were not provided and when I can expect them. As you know, time is of the essence as the trial is next week

Thank you

Hi Jane,

The lab # you requested [REDACTED] was Marijuana. A GC/MS is not required for Marijuana, which is usually where the majority of the paper comes from. Lab policy for testing marijuana is to get a positive macroscopic, microscopic and Duquenois Levine test. Those results are recorded on the laboratory control card.

Kate --

There are only 3 pages in your PDF file. Aren't the packets usually much thicker?

Thanks-
Jane
